SHUBHAM GUPTA

Noida, India

📞 7800485353 ✉ shubhamgupta780048@gmail.com in LinkedIn ⚫ GitHub

Technical Skills

Programming Languages: JavaScript, Java, SQL, HTML, CSS, C++ (Basic)
Frontend & Tools: React.js, Redux, TailwindCSS, Context API, Firebase, Jest, Git, GitHub, Postman, Swagger
Tools/Version Control: GitHub, JSON, Firebase

EDUCATION

Raj Kumar Goel Institute Of Technology Ghaziabad, Uttar Pradesh	**2020 − 2024**
B.Tech -Information Technology - **CGPA - 7.62**	*Ghaziabad, Uttar Pradesh*
Kendriya Vidyalaya Gonda,Uttar Pradesh	**2019-2020**
Intermediate-PCM with computer science **Percentage - 74.2%**	*Gonda,Uttar Pradesh*
Kendriya Vidyalaya Gonda,Uttar Pradesh	**2017-2018**
High School **Percentage - 70%**	*Gonda,Uttar Pradesh*

Experience

CETIZION Verifica Pvt. Ltd.   **December 2024 – Present**
Software Developer (Full-time)   *Noida, India*

- Developed responsive company website and internal tools using **React.js**, deployed on **CPanel**, ensuring seamless **UI/UX** across devices.
- Built reusable **React components** with **React.memo** and **useCallback**, optimizing render cycles and load performance.
- Implemented **JWT authentication**, secure sign-in/sign-up, and form validation, enhancing security and UX.
- Built interactive **admin panels** and **data tables**, improving 30+ daily workflows by **25%**.
- Integrated **REST APIs**, collaborated in **Agile/Scrum**, performed code reviews, and ensured **99.9% uptime**.
- Applied best practices for **performance optimization, scalability, and maintainable frontend architecture**.

Projects

Netflix-GPT | *React.js, Redux Toolkit, Firebase, TMDB API, Gemini AI, Vercel*

- Developed a Netflix-style interface with Gemini AI for personalized recommendations, boosting user engagement by **25%**.
- Utilized Redux Toolkit for efficient state management, reducing redundant API calls and minimizing re-renders for smoother navigation and faster UI response.
- Implemented Firebase Authentication with secure Google Sign-In and session persistence, ensuring seamless user login.
- Deployed the project on Vercel with zero-downtime CI/CD pipelines and optimized build performance.

Prescripto | *React.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Vercel*

- Developed a responsive and scalable frontend application using **React.js**, following component-based architecture and clean code practices.
- Built reusable UI components and implemented **mobile-first designs** with Tailwind CSS, improving UI consistency by **30%**.
- Translated UI/UX designs into **pixel-perfect, cross-browser-compatible interfaces**, enhancing overall user experience.
- Optimized frontend performance by refining component structure and reducing unnecessary re-renders, achieving **sub-2s page load times**.
- Deployed and managed production builds on **Vercel** with automated CI/CD pipelines and global CDN delivery.

Food Ordering App | *React.js, Tailwind CSS, Redux Toolkit, Node.js, Express.js, MongoDB, Stripe API*

- Engineered a real-time food ordering application handling **50+ simultaneous orders**, improving transaction reliability using Node.js and Express.js.
- Integrated Stripe API for secure online payments, supporting both test and live transactions with zero errors.
- Optimized MongoDB queries using indexing and caching strategies, reducing average response latency by **22%**.
- Designed a mobile-first responsive frontend using React.js and Tailwind CSS, ensuring consistent UX across devices.

Leadership & Achievements

- ∗ **Governor Awarded**, Uttar Pradesh Bharat Scouts And Guides, India
- ∗ Member of **Logix (Coding Society)** from 2021 to 2024
- ∗ Cultural Management Member from 2021 to 2024
